MRS. CHADWICK DEAD

Death Strikes Former Queen of Finance In Prison Cell.

HER REMARKABLE CAREER

It Is Alleged that She Secured Millions from Various Banks by Improper Methods—Amazing Financial Transactions.

Columbus, Ohio, Oct. 12.—Mrs. Cassie Chadwick, whose amazing financial transactions culminated in the wrecking of an Oberlin bank, died in the woman's ward at the Ohio penitentiary Thursday night. Mrs. Chadwick had been in a comatose condition for some hours previous to her death and the end came peacefully.

First a Fortune Teller.

Mrs. Cassie L. Chadwick, whose maiden name was Elizabeth Bigley, was a native of Woodstock, Canada. She first came into public notice in Toledo, O., about twenty years ago, where she told fortunes under the name of Madame Deviere. While in this city she forged the name of Richard Brown, Youngstown, O., and for this crime was sent to the penitentiary at Columbus for nine years.

She served but a portion of this sentence and then located in Cleveland, where she married a man named Hoover. Her second husband was Dr. Leroy S. Chadwick, of Cleveland, a man of good family and excellent standing in his profession.

In the latter part of 1902 or early in 1903, Mrs. Chadwick, in the presence of her husband, gave to Ira Reynolds, the cashier of the Wade Park Bank of Cleveland, a box containing notes signed with the name of Andrew Carnegie. These forged notes are alleged to have amounted to $7,500,000. Reynolds gave to Mrs. Chadwick a receipt for the papers, which described the notes and the signatures upon them. Mrs. Chadwick left with Reynolds as an explanation of the existence of the notes, the statement that she was a natural daughter of Andrew Carnegie.

She Got Millions.

With the receipt of Reynolds in her possession Mrs. Chadwick went to different banks, making loans, and paying not only high interest to the banks, but heavy uses to the bank officials who loaned her the cash. The extent of these transactions will never be fully known, but they ran up into the millions. They involved men of high standing in the financial world, and caused heavy losses to many banks.

In November, 1904, she was sued by a man named Newton, of Brookline, Mass., from whom she had borrowed a large amount, which she was unable to pay. Other creditors came down on her, and within a short time she was placed under arrest by the federal authorities on the charge of conspiring with Charles Beckwith, the president, and A. B. Spear, of a national bank, at Oberlin, O., which had been substantially looted.

The Smash Comes.

Mrs. Chadwick had obtained from this institution such large sums of money that it was compelled to close its doors, causing heavy losses to the depositors and ruining many of them.

Mrs. Chadwick, Beckwith and Spear were indicted for a variety of offenses against the national banking laws. Beckwith died before coming to trial. Spear pleaded guilty, was sentenced to seven years in the penitentiary, and is now serving time at Columbus, O.

Mrs. Chadwick was brought to trial on March 6, 1905, and after a hearing, which lasted for two weeks, was found guilty of conspiracy to defraud a national bank and was sentenced to 10 years in the penitentiary.

Her health, which was not good at the time of the trial, failed steadily after its conclusion.

Charged with Murdering Girl.

Iola, Kans., Oct. 12.—Samuel F. Whitelow was formally placed under arrest here on a warrant sworn out by J. N. Sapp, of Moran, charging him with the murder of the latter's daughter, May Sapp, on the night of Sept. 27. Whitelow is charged with murder in the first degree. Whitelow reiterates his innocence. He maintains that the girl committed suicide because he had refused to elope with her.

GEORGIA STATE FAIR.

Opening Days of Big Show Were Record Breakers.

Atlanta, Oct. 12.—The second day of the Georgia State Fair continued its record-breaking figures for attendance that were begun on the opening day.

The big crowd of visitors present on Thursday exceeded the most sanguine hopes of the officials of the fair, and although a few of the county exhibits were not in place and one or two of the midway attractions had not been finished, the day passed off under the most auspicious circumstances.

Friday saw the fair completed in every department. The last county exhibits had arrived, the few remaining midway shows came in Thursday night and the bright tops of the tents were showing over the park fence early Friday morning.

From now on the show will be open in every department. The big machinery exhibit, which is the largest ever held at any state fair, was formally opened Friday, although many visitors ran by the guards Thursday and visited the mammoth displays.

STRANGLED BOY WITH STRING.

Child's Body, with Arms Bound, Is Found in Lonely Spot.

Bridgeport, Conn., Oct. 12.—Three men, searching for chestnuts in an isolated section hereabouts discovered the dead body of Philip Mastronia, nine years old, who has been missing from his home, at No. 139 Willard street, since Sunday afternoon.

The body was nude and covered with bruises. The boy had been strangled with a shoe string and his arms were bound closely to his sides.

The body was covered by a woman's overskirt and a woman's wrapper of blue calico very much worn.

When last seen alive the boy was playing with some companions in the street near where he lived. He grabbed the rear of a passing carriage and was whirled off, and nothing heard heard of him until the body was discovered. No clew to the perpetrator of the deed has been obtained.

Laymens' Missionary Conference.

Chattanooga, Tenn., Oct. 12.—The Laymen's missionary conference will be held in this city in April next. This meeting will be attended by at least a thousand delegates, representing every Southern Methodist church in the south and west, from California to Richmond, and will be the largest religious gathering ever held in the country. The program will be formulated hereafter, and there will be addresses at the meeting from prominent men from England, Canada, South America, Japan, China, Korea and different parts of the United States. St. Louis, New Orleans, Richmond, Memphis, Nashville and Asheville were in the race for the convention.

Making Ready for Squadron.

San Francisco, Oct. 12.—The navy department is making ready on this coast for the reception of the Atlantic battleship squadron which will start soon for the Pacific. The naval collier Saturn will leave Mare Island Saturday with a cargo of coal and towing four barges. The Saturn's destination is the United States coaling station at Pichilinque. The Saturn will make a number of trips and by the time Admiral Evans' fleet reaches the Mexican coaling station the coal pile there will be a miniature mountain. The barges will be used in coaling battleships.

At 57 Goes to College.

Washington, Oct. 12.—Peter Murray, of Buena Vista, at the age of 57, has gone to college. He is a student at Jefferson academy, Canonsburg, and the teachers say he is one of their most diligent pupils. In his youth Murray had to work for a living and sacrifice his schooling. He has accumulated money till his large business interests, he says, demand that he be better educated.

MERCER DEFEATS UNIVERSITY BOYS

First Foot-Ball Game Of Season Goes To Georgia Team

BY SCORE OF SIX TO NOTHING

Neither Side Scored Up to Thirty Minutes of Close—Mercer Reached the Goal on Blocked Kick—Averaged 178 to University 152 Pounds.

Special to The Sun.

Macon, Ga., Oct. 12.—The Florida University boys went down before the Mercer team today in the first football game of the season by a score of 6 to 0. It was an ideal football day and the game was of intense interest from start to finish, neither side scoring until, within thirty minutes of the finish, Mercer scored on a blocked kick.

The Mercer team averaged 178 pounds, whereas the University boys only averaged 152 pounds, but the playing of the latter was superior to the former, which made up for the difference in weight.

The Gainesville boys were royally entertained.

SEA ISLAND COTTON.

Buyers Working for 27 Cent Cotton. Receipts Increasing.

Savannah, Ga., Oct. 12.—The market for Sea Islands ruled firm, with the demand almost entirely confined to fancy, which grade maintained previous quotations. Toward the end of the week some inquiry appeared for choice and extra fine, resulting in fair sales at the quotations below, but these sales are not included in the week's report.

Quotations are reduced 1c for extra choice, which grade is neglected; buyers are working for 27c, and claim that at any higher figure the Egyptian Janovitch will be substituted. No improvement is noted in the quality of the receipts, and very little coming from Florida.

Crop accounts show little change, claiming further deterioration from rains early in the week. During the last part of the week, however, the weather has been clear and pleasant, which change should soon show a difference in the character of the cotton.

The following prices are based on factors' quotations:

Wanted—Hardwood Timber.

The Brown-Jenings Hardwood Company of Lake Butler, Florida, are in the market for large quantities of hickory, white oak and ash timber.

They offer to buy it either in the log or sawed into plank. Now that the price of pine is off, this is an opportunity for sawmills to work on lumber in which there is a profit, as they offer fancy prices for such lumber. This also affords the tie men, who are equipped with teams, a chance to get out logs at a good figure.

For full information regarding prices, etc., address

Out West it is said that the papers recognize but three varieties of railroad situations—ominous, significant and menacing.

A BRILLIANT RECEPTION.

Given to University Community by the Baptist Young People.

On Friday night the Baptist Young People of the First Baptist church tendered to the faculty and student body of the University of Florida one of the most brilliant and successful receptions ever given by the young people of the city. The large and comfortable home of the pastor, Rev. S. B. Rogers, was tendered the young people for this occasion, and they carefully attended to every detail that could possibly add to the success of the function.

The two large halls of the home, together with four large rooms, all communicating easily with each other, had been beautifully decorated with golden rod, sunflowers, roses, ferns and pot plants until the whole looked a bower of beauty. The University colors were used for drapery, and the refreshments largely carried out the color scheme. The beautiful lawn which completely surrounds the home, by means of lawn swings and settees, had been converted into a perfect park, with Japanese lanterns profusely and artistically hung everywhere.

The University young men, together with the Baraca class of the M. E. church, and many of the young men and women of the town who were so fortunate as to receive an invitation from some of the young people of the church, were all met at the door by a committee with especially prepared cards, bearing the date and carrying the colors of the University, upon which they were each requested to write their name, pin it upon their shoulder and take charge of the home—thus they were introduced each to the other. They thronged the home until 170 had been labeled, and the home and lawn were a living mass of people and fun.

Many beautiful selections were rendered upon the piano, while Miss Mae Mixson and Miss Ruth Scarratt served the most delightful fruit punch from cosy corners, where large cut-glass bowls seemed perpetual fountains of eternal youth. From these the guests were conducted to the large dining-room where, amid bowers of ferns and flowers, a few married ladies served most delicious orange sherbet and cake, in blue saucers, thus carrying out the University colors of orange and blue.

At a late hour, when the guests declared they could eat no more, nor stay any longer, leaving almost as much refreshments as they had consumed, reluctantly broke away, declaring it to have been one of the greatest times of their lives.

Rev. Mr. Rogers and his good wife, together with the young people of the church, were untiring in looking after the comfort and pleasure of those in attendance, and are to be congratulated upon the success of the occasion.

MOVEMENT OF PROPERTY.

People of North Gainesville Have Confidence in Suburb's Future.

The good people of North Gainesville, who have always been among the most contented and the most prosperous in this section, are evidently certain of the future destiny of their suburb, as property continues to change hands in that section.

The latest report is that Col. J. E. Webster has purchased from Daniel Graves of Michigan two lots on one of the most important thoroughfares in North Gainesville. These lots are 70x140 feet each, and are among the most desirable in that neighborhood. There is nothing definite, but it is stated that Col. Webster will erect a neat, commodious building, and that a certain young man of North Gainesville will embark in the mercantile business.

L. S. Conradson has purchased from J. L. Connelle, through the C. F. Goodman Company, two desirable residence lots in North Gainesville, one of which contains a comfortable house. The purchaser has a home of his own, and bought these lots merely as an investment.

AN IMPORTANT DEAL

Merger of Large Southern Packing and Canning Interests.

CAPITALIZED AT $10,000,000

Several Large Trust Companies and Banks Are Behind the Promoters of the New Enterprise—E. A. McElhenny Will Be President.

New York, Oct. 12.—Announcement is made that an important deal involving the combination of some of the large southern packing and canning interests has been completed through [illegible] Young and associates.

The deal involves the acquisition by the McIlhenny company of [illegible] co business of E. McElhenny's Sons and the canning and packing business of the McElhenny Canning and Manufacturing company, which [illegible] operate one of the largest canneries in the United States. It is understood that such southern banking interests as the United States Trust company of Washington, and the Hibernia Bank and Trust company, the Canal Louisiana Bank and Trust company of New Orleans, are behind the promoters of the new company. The capitalization of the new company will be $10,000,000.

E. A. McElhenny will be president and Frederick Kopf vice president of the new enterprise. Vice President Kopf, in an interview, said:

"The company's lands and factories are situated on Avery island, in Louisiana, and it has offices in New York, Chicago, San Francisco, Portland, Montreal and London. In the production of its specialties the company will operate a fleet of fifty boats or upwards, and will employ more than one thousand hands."

A DESTRUCTIVE RUNAWAY

Jerry Runkle's Auto. Frightens Team and Puts Wagon to the Bad.

There was an exciting period of a minute or two on the north side of the square Saturday morning, when a heavily-loaded four-mule team belonging to M. M. Holt of Tioga became frightened at Jerry Runkle's automobile.

It is said by those who happened to witness the incident that when Mr. Runkle's auto. got within a few feet of the team the mules "pitched and reared," after which they took a beeline in haste. It was not many yards distant that the wagon came across an obstruction, however, and was partially demolished. The [illegible] was so strong that it was impossible for the animals to get away for a short while they were quieted.

The wagon was rendered useless, but another was secured, and the team returned to Tioga with a load.

No particular blame is attached to the driver of the automobile, it was a question of the mules being afraid of the "green devil," which resulted in a broken-up wagon and great inconvenience to the driver.

NEWS OF CITY AND COUNTY CONDENSED

From Sunday's Daily Sun.

Chas. V. McQueen of Newberry is in the city on business. [illegible] Mr. McQueen states that his section has been visited by heavy rains recently, and that the cotton is rotting a great deal, rotting in the bolls in the fields.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can work and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. FOR SELLING BOOZE LAWSON IN PRISON

Arrested by Officer Burch in Tampa, After a Hard Chase.

FAILED TO GIVE REQUIRED BOND

Was Arraigned in Justice Smith's Court at Micanopy, and in Default of $500 Bail Will Have to Await Action of the Coming Grand Jury.

William Lawson, colored, charged with selling liquor without a license in violation of the laws of Alachua county, is behind the bars of the county jail, having been arrested after a vigorous and successful chase to Tampa by Deputy Sheriff Wm. Burch of Tacoma, who brought his man to Gainesville Thursday.

Officer Burch stated that the man had been reported to him, and that he went to Evinston, where it is said he was running a "blind tiger," to make the arrest. Lawson evidently caught on to the fact that the officers were after him, as when Officer Burch arrived he ascertained that the man had left the village. Determined upon his game, Officer Burch set out after Lawson, with the result that he traced him to Tampa, finally locating him in that city and placing him under arrest.

Lawson was brought back to Alachua county, and was arraigned before Justice Smith of Micanopy, who placed him under a bond of $500 for his appearance at the next session of the circuit court, which will convene in this city in November. In default of the bond, he was brought here and placed in jail.

MIDNIGHT WEDDING AT WALDO.

Young Couple Intended Surprising Friends, But Themselves Surprised.

Waldo, Oct. 11.—A romantic marriage was celebrated on last Friday night under very peculiar circumstances. E. H. Godwin went to Highland after his girl, Miss Willie Grand of that place, and returned on the 11:30 train that night, and by previous arrangement Rev. D. L. Branning met them at the depot, as did also some of the family and friends.

In the meantime it had leaked out that a runaway couple were to be married at the depot that night, and a surprise party at the home of Mrs. Prewitt adjourned en masse to surprise the bride and groom with their presence, and so, amid great hilarity, they were welcomed as they left the train, and with lanterns and railroad torches lighting up the scene under a spreading oak at the station, some twenty-five persons witnessed this midnight marriage ceremony, which was pronounced by an elderly lady to be the prettiest she had ever seen. And then came the announcement by the officiating minister that the home of the Godwin family, a mile out of town, of which the groom was the eldest son, had just been destroyed by fire while the family were over at a neighbor's where a reception was tendered them. Thus joy and sorrow came to them at one time—a fire and a wedding.

The bride and groom went to the Waldo House.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time."

ACCIDENT AT TIOGA.

Dummy Engine Runs Into Cars—Engineer Injured by Jumping.

Tioga, Oct. 11.—There was a wreck Wednesday morning on the Cummer railroad spur between the camp and Komoko, where the Union Phosphate Company's spur crosses Cummer's spur. Engine No. 1, run by N. E. Andrews, was making its usual daily trip to the junction with ten loads of logs, and when it neared the crossing the dummy engineer, who was a negro, was going to the plant with a few loads of rock and tried to dash by ahead of engine No. 1, which had the right to the crossing. The dummy crossed and the engineer ran into two of the phosphate cars, completely demolishing them, and tearing up some parts of the enigine, but she was not disabled.

Mr. Andrews jumped from the engine after it had ran through the cars, and not having time to pick a place he had to jump into some cross ties, splitting his lip at the right corner of his mouth, causing a gash an inch long, and received a bruise on the forehead and under the chin, none of which are serious. A negro woman on the engine was wounded in jumping, but not seriously. None of the occupants were injured at all, but had the engine struck the dummy there would have been some serious trouble.

H. M. Andrews left today for Jacksonville, where he goes to have his eyes treated. He will probably go to Atlanta, Ga., before he returns, to have them examined and treated by Dr. Calhoun.

Miss Bertha Terry of Ft. White arrived Monday and opened school Tuesday at this place, enrolling eighteen pupils. Miss Terry is a charming young lady and her qualities as a teacher are unsurpassed. She was assistant teacher in the graded and high school at Ft. White last term.

Mrs. North of White Springs is here visiting her son, E. D. North. Her son, Lucious, came with her but has returned.

Mrs. E. Ludwig, who has been very sick, is able to be out again.

Mrs. Williams of McClenny is here visiting her grand-daughter, Mrs. N. E. Andrews.

DR. BARRY SAYS HE'S NOT GUILTY

Was Arrested Because He Held a U. S. Government License.

IS REQUIRED OF A DRUGGIST

Who Desires to Carry a Full Line of Everything in the Druggists' Line, as Laid Down by a Recent Enactment of a United States Law.

Among those who spent Thursday in this city was Dr. N. J. Barry, the druggist and merchant of Newberry, and one of the oldest and most widely known business men of the West End.

It will be remembered that a few weeks ago Dr. Barry had a warrant served upon him, charging him with selling liquors in a dry county contrary to law. He was brought to this city, waived examination and gave bond readily for his appearance before the grand jury at the next session of the circuit court, which will be held in November.

Dr. Barry states that this action towards him was a great injustice, which he proposes to prove at the proper time. He states that, as a druggist, the recent law enacted by the United States Government requires license for the handling and sale of certain drugs, and that he had secured this license in compliance with the law governing same. He further states that the warrant was served on purely technical terms, the officer taking possession of the Government license as prima facia evidence that he might be selling whiskey, when there was no grounds other than the Government license to substantiate his claim.

"I am coming out of this thing," said Dr. Barry, "and when I do there will be something else doing. I am a druggist, am required by the National law to secure a license before I can handle or dispose of certain drugs, and merely upon this flimsy excuse the authorities had no right to touch me. I have been in Newberry endeavoring to make an honest and legitimate living for years, and I flatter myself to say that reputable citizens of that town will testify that I am a law-abiding man."

LEARN TO EAT.

Few People in Gainesville Really Know How.

Slow eating will solve one-half the problem of ill health. Those who suffer already with indigestion and weak stomach can with care and the use of Mi-o-na stomach tablets restore their digestion to a healthy condition, so that they can eat what they want at any time without fear of distress or suffering.

After a few days' use of Mi-o-na stomach tablets, the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear, and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Take a little Mi-o-na tablet before each meal so that it will stimulate the digestive juices and give strength to the stomach, and then it will take care of the food that is eaten, without indigestion and the unpleasant dull feeling with which so many suffer after meals.

J. W. McCollum & Co. have so much confidence in the power of Mi-o-na to cure indigestion and all stomach ills that they give a guarantee with every 50-cent box to refund the money if the remedy fails to give satisfaction.

S.S.S. FORTY YEARS OF CURES

Long experience and thorough testing have proved S. S. S. the greatest of all blood purifiers and the greatest of all tonics. For a half century S. S. S. has been used in the treatment of blood troubles of every character, and so satisfactory have been the results that it is the best known and most widely used blood medicine on the market. It has attracted attention as soon as it was placed on the market by promptly those diseases for which it was recommended, and has jealously guarded its first good reputation, by keeping it up to the standard in manufacture, that it now has the unequalled and pleasing record of **"Forty Years Of Cures."** For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison and other diseases due to an impure or poisoned condition of the blood there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It has the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy make use of S. S. S., the medicine that has proven its worth by its record of years of cures. Book on the blood and any medical advice you may desire free of charge for either. THE SWIFT SPECIFIC CO., ATLANTA, GA.

BOWDEN IS IMPROVING.

Colored Man Thrown from Horse Wednesday Getting Along Nicely.

Thomas Bowden, the colored man who is in the employ of W. R. Thomas & Co., liverymen, and who was thrown from a horse Wednesday, sustaining a dislocated arm and fractured skull, is getting along as nicely as could be expected, so report goes.

It appears that Bowden, who is regarded as a good horseman, was riding one of the horses recently received at the stables from the West, and that the animal suddenly shied and threw him against a curbing, causing the injury.

As soon as the accident was discovered Dr. J. F. McKinstry, Jr., was summoned, and rendered valuable professional aid, which probably saved the man's life.

Bowden will be out in a few days, if he continues to improve as rapidly as his condition now indicates.

THE OPERA SEASON WILL BE A GOOD ONE

Only the Best Attractions Will be Accepted Here in Future.

LAYTON JOINS THE SOCIETY

Manager of the Gainesville Opera House Determined in Future to Rid Gainesville of Cheap Attractions, and Every Production Guaranteed.

The theatrical season in Gainesville, notwithstanding that it will open a little later than usual, promises to be a good one, and all attractions booked for the coming season are promised to be first-class in every respect. Some of the best small traveling companies on the road have been booked, with the result that theatre-goers of Gainesville may at least feel assured that what they do see will be worth the tariff of admission.

Manager C. R. Layton, who has the opera house in charge, stated Thursday to a Sun reporter that he had joined the Bureau of Theatrical Information, through the source of which he will be enabled to secure advance reports on all attractions, and he proposes to eliminate all shows during the coming season which are not absolutely up to the standard of excellence and efficiency. "Gainesville has got to become quite a town now," remarked Major Layton, "and our people deserve nothing but good attractions, for the patronage is sufficient to warrant it. I will look after this list and the reports personally, and can assure the patrons of the Gainesville theater that they will receive nothing but the best attractions.

"As a matter of course," continued Manager Layton, "we cannot expect the big spectacular productions, because we have no room on our stage to take care of them; but we can have the satisfaction of witnessing real talent in its minor form, where sceneries which our stage will accommodate can be presented; but it is not so much the scenery as the talent that the refined people like ours are looking for; we want talent, and we are going to have it the coming season."

The season will begin this year, so far as the companies yet booked are concerned, with some open date in November by the Wills Musical Comedy Company. This company, which visited three or four of the important points in the State last year, included Gainesville in its itinerary, and delighted those who attended the theater with its clever work. This aggregation will no doubt meet with fine success this year, especially since it will be the opening bill, as far as the booking goes now.

The old favorites, the Barlow Minstrels, are booked to appear here December 7. The Barlow Minstrels are well known to even the small-fry in Gainesville that merely the name is all that is needed. They come bigger and better this year, with every modern in the minstrel world.

The King Dramatic Company, who have the best of the repertoire of the country, are billed for nights, December 16, 17 and 18. This company has played here before, and though limited in number of people, gave excellent satisfaction. They handle plays of a nature that can be put on the stage with ease, as was demonstrated by their former visit here, and it is safe to state that they will please their audiences. Chas. King in a line of light comedies and dramas has no peer in this section of the country, and has made himself a favorite in the dramatic field with the majority of whom the members of his family, are all well known.

The Beggar Prince, the Beggar Prince Company, who have delighted audiences in Gainesville for the past two consecutive seasons, will return and are billed for December 31 and January 1 and 2. This company, which has two of as fine companies as ever came South will please patrons of the opera house these nights. This company will open the season. The Beggar Prince, Olivette and the Mascotte to crowded houses, and there was no objection to make by those who witnessed these performances.

The Dixie Minstrels will appear on February 1. This aggregation, which is composed of colored performers, is not known here, but the report to Manager Layton states that the company is all right, and that they are playing in the best houses in the country to audiences that seem to be pleased.

"Along the Kennebec" will strike Gainesville on February 5. This is a play intensely interesting, and, being the first time ever presented here, will likely draw a big house. The play is being presented by a strong company.

"A Jolly Man's Troubles" is billed for February 20, which ends the booking so far for the season, although others may book later.

BLOOD POISON

I guarantee to cure all nervous, chronic and private diseases of men and women. Write for proofs of permanent cures from patients throughout the entire South. Medicines furnished, carefully packed and free from observation. Address for consultation hours. No branch offices.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable.

WELL IS COMPLETED.

There is No Reason Why City Should be Short of Water in Future.

The well at the plant of the Gainesville water works, which has been under course of sinking for the past few weeks, has been completed, and has been accepted by the water committee of the City Council, who examined the same thoroughly Wednesday morning.

The well, which is twelve inches in diameter, is 194 feet deep, with a stand of pure, crystal water of 162 feet, making it necessary to pump the water an elevation of thirty-two feet. A thorough test developed the fact that the well yielded from 600 to 1,000 gallons per minute with ease.

Superintendent Miller of the water works states that it will be three or four months before the necessary machinery can be secured and placed in position, hence the well supply cannot be used until that time.

A Certain Cure for Croup—Used for Ten Years Without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by all druggists.

Attention, Stonewall Camp!

There will be a meeting held at the court house on the 14th of October, Monday, at 10 o'clock, for the purpose of electing delegates to the Division Reunion in Pensacola on October 23rd and 24th, also to elect officers for 1908. By order

Quinsy, Sprains and Swellings Cured.

"In November 1901 I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valued for sprains and swellings. For sale by all druggists.

WILL CHANGE ROAD LINE.

County Commissioners Cut Out Where Charge Was Asked.

At the last meeting of the Board of County Commissioners, which was a called meeting to receive the tax books and for the transaction of any other business of special importance which might be called before the board, the matter of changing the route of the proposed public road from Gainesville was considered and acted upon, the original route being abandoned on account of the owner of certain property through which the proposed road was to run wanting to exact the sum of $250 for a right-of-way.

At this meeting a petition was presented requesting that the change of route be made, and assuring the Commissioners that no charge would be made for any right-of-way, and that all the material necessary for the building of the road would be furnished without cost to the county.

Acting under the advice of this petition, the Commissioners appointed a committee to view and mark out the proposed new route, which will be presented and accepted at the next meeting. The route as proposed only makes a difference of about a quarter of a mile, hence the party who refused the right-of-way without compensation will not profit thereby.

HUFFMAN—NEVILLE.

Marriage of Popular Young Couple On Thursday.

A quiet but happy wedding was solemnized at the home of Mr. and Mrs. W. P. Moseley Thursday, the contracting parties being Roy E. Huffman and Miss Maude Neville, both well known and popular young people of this city. The ceremony was performed by Rev. T. J. Nixon of the First Methodist church, in the presence of a few intimate friends.

Immediately following the ceremony Mr. and Mrs. Huffman left for Tampa, where they will remain for a week or ten days.

Mr. Huffman is one of the valued employes of the Baird Hardware Company, and has many friends here. The bride is also quite popular, having spent the greater part of her life in Gainesville.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

Mr. Dow Improving.

A letter received from Mrs. W. E. Dow, Greenwood, S. C., bears information that Mr. Dow is getting along finely, and that he had recently taken a "little trip" of seventy-five miles unaided. This will be gratifying information to his friends in Gainesville and other sections of the State.

"This is a fine country," continues Mrs. Dow, "and we have all so much enjoyed our stay here, and have all been benefited; we expect to turn our faces homeward some time this month, however, and while we have enjoyed it here, we will nevertheless be glad to get back home."

Mrs. Dow states that W. E. Jr. is still the center of attraction, and is making friends wherever he goes.

THE ALTMAYER & FLATAU LIQUOR COMPANY
MACON, GA.

ALLEGED TIGER WAS RUNNING AT LARGE

Marshal Arnow Arrested Negro Alleged to be a Whiskey Seller.

SAW HIM SELL PINT OF LIQUOR

Followed the Man and a Friend to Vacant Lot, Where He Declared He Saw Money and Whiskey Exchanged—Both Men Released on Bond.

Henry Johnson, colored, was arrested Saturday night by Marshal Arnow upon a charge of selling liquor in a dry county, in violation of the law.

Marshal Arnow, who always has his eye open to the interests of the people, has been suspecting Johnson of selling whiskey for some time, and has kept a close watch on him. He was unable to capture him until Saturday night, however, when he states that he caught him deliberately selling the "booze." He followed Johnson and another negro to a vacant lot in the rear of one of the blocks adjacent to the square, and declares he saw the negro pull out some money, hand it to Johnson, when Johnson passed him over a bottle of liquor, a pint, which he took from his pocket. The two men were in the act of taking a drink out of the bottle when Marshal Arnow arrested them.

Both men gave bond for their appearance before the mayor's court Monday morning. Johnson's bond was fixed at $500, while the bond of the negro alleged to buy the "booze" was let off on an insignificant bond, he being held only as a witness for the prosecution.

Marshal Arnow is exercising every means possible that is fair to check the blind tiger practice in Gainesville, and he has the support and co-operation of the best people.

Johnson will be arraigned in the mayor's court tomorrow morning, when he will be required to tell "how it happened."

EASY TO MIX THIS.

Prepare It at Home by Shaking Ingredients Well in a Bottle.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dadelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here, at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

SCHOOL TO OPEN MONDAY.

Gainesville Graded and High School Will Get Down to Business.

From Sunday's Daily Sun.

The Gainesville Graded and High School will open tomorrow morning, two weeks late, under the direction of Prof. W. S. Cawthon as principal with a full and efficient corps of assistants. The list of the faculty has already been published in The Sun several times, hence will not need repeating at this time.

The school will begin with a full determination of both faculty and pupils to make this one of the best and most successful in the history of public schools in the county. Prof. Cawthon enters the new work full of energy and ambition, and it is safe to say that he has the support of every member of the faculty, and the co-operation of the students, the majority of whom are anxious to begin the scholastic year.

The average opening attendance of the Gainesville Graded and High School is about four hundred, and it is safe to assert that there will be that number, if not more, on hand tomorrow.

GUARDS ARE GETTING READY.

Will Leave Next Thursday for Pensacola Forty-Five Strong.

Company H, Second Infantry, Florida State Troops, the Gainesville Guards, are practicing regularly for the coming encampment, which will be held with the regular army near Pensacola during the present month. Captain Blanding, with Lieutenants Warren and Wheeler, are exercising every effort to get the men thoroughly trained, and it is safe to assert that when the Guards go into camp they will be among the best drilled and most thoroughly posted of any company in the regiment.

Captain Blanding stated Friday that his men were manifesting a great deal of interest in the work, and that they were very anxious to go into camp. He anticipates taking about forty-five men, which will be a good company.

COLORED BAPTIST CONVENTION.

Large Number of Delegates Here from Every Section of the State.

The State convention of the colored Baptist church is in session here, with the result that the city is filled with delegates from every section of the State. It is said that there are in the neighborhood of 200 visitors to this city attending the convention.

The sessions are being held with Friendship Baptist church, North Pleasant street, of which Rev. H. K. Hill is pastor. The meetings are well attended, and the conference is destined to prove of great benefit to the colored Baptists of Florida.

JUDGE CARTER TO TAMPA.

Will Assist in Defense of Claude L'Engle, Charged With Libel.

Judge Syd L. Carter expects to make his departure today for Tampa, where he will appear with W. J. Bryan of Jacksonville and F. M. Simonton and Robert McNamee of Tampa in the defense of Claude L'Engle, charged with libelling Peter O. Knight, and W. F. Stovall, editor of The Tampa Tribune.

The preliminary trial of this case, which is destined to become of National reputation, will begin on the 15th inst., and will likely require several days.

From Tampa Judge Carter will go direct to Tallahassee, where he will finish his duties as a member of the investigating committee of the Internal Improvement Fund.

G. H. S. Football Team.

The Gainesville High School Football Team will be reorganized with the beginning of school tomorrow. There will be eight of last year's eleven on the field this season, and at least eight new faces to try for the team. They will be coached by Doctor Craigen, who is a graduate of Richmond University, and who played a half on the 'varsity for two seasons there.

Among the old players will be C. Padgett, J. Padgett, B. Douglass, G. Means, F. Bruce, P. Jones, T. McBeath, D. Bowers and J. Williams of last year's squad.

The manager is conferring with the University second team of this city and East Athletic Club of Jacksonville for games during the next few weeks.

TAKE CARE OF THE BOYS.

The Live Oak Democrat says: "It is a hard problem to raise a boy right in this age of the world, and unless he has a home made attractive to him by his parents, there are more chances that he will go to the bad than otherwise. One of the sure, swift roads to ruin for the lad is loafing around the streets after night, for it is then that the worst influences of the community are abroad and are lying in wait for that very "kid." If the home government fails through the neglect or indifference of the parents, then it is the duty of the town government, for the common good, to do some regulating on its own account and at least see that the youngsters are kept off the streets after a certain hour at night. DeFuniak Springs was worried with these young loafers graduating into rowdies until it got to be intolerable, and the town council enacted an ordinance to break up the business. It may be necessary for other towns in Florida to have some such law and it is well to know what the DeFuniak ordinance is. It provides that it shall be unlawful for any person under the age of 16 years to be upon the public highways or at public places of said town between the hours of 8 o'clock p. m. and 5 o'clock a. m., unless such person has with him the written consent of, or is in the immediate company of his parent or guardian, or in the company of someone over the age of 21 years, by the consent of such parent or guardian previously given."

HOBBLE FEDERAL JUDGES.

The recent decision of Judge Lochren, of the United States circuit court, enjoining the officers of the State of Minnesota from enforcing the law of that State in regard to freight rates, adds a new chapter to the usurpation of Federal courts. It will no doubt have an effect contrary to what was intended by it. In fact, it will result in the introduction of bills at the next session of Congress for circumscribing the powers of Federal courts by depriving them of all authority to issue writs of injunction, habeas corpus and prohibition in cases wherein the law of a State is called in question. And it is not unlikely that such a measure may be enacted into law. In 1802 the Democrats, at Jefferson's suggestion abolished the circuit court of the United States created by the 6th Congress in February, 1801; and that precedent is receiving the attention of all Congressmen who favor the preservation of the reserve rights of the States and trial by jury. The next great struggle in this country will be like the first—a struggle against the usurpation of Federal judges, whom Jefferson so aptly described as the sappers and miners of despotism.

If Alachua county is to be represented at the State Fair to be held in Tampa from February 5th to 22nd the work of getting together an exhibit should begin at once. It must be admitted, however, that it would be next to impossible to create any enthusiasm among our people on the subject, owing to the manner in which the judges awarded the first prize to two counties last year, when it was conceded that Alachua was entitled to the prize as a whole. Manager Callison of the Spring Park Stock Farm declares that he has washed his hands of the State Fair and will have nothing to do with an exhibit next February. This probably settles the matter so far as Alachua county is concerned. "Too much politics" in awarding prizes at the last fair is responsible for Manager Callison's attitude, and at least one of the judges who was instrumental in having the grand prize "split" will find that he did himself no good so far as getting votes in Alachua county.

Anent the recent trial in St. Lucie county, wherein Rawlins was charged with the murder of Col. McCarty a prominent attorney of Fort Pierce, and the jury returned a verdict only for manslaughter, The Melbourne Times truly says: "When murder is proven to be manslaughter and the insanity plea stands so prominently between the murderer and the gallows, we might do away with the gallows arrangement altogether." The murder of Col. McCarty from published reports, was cold-blooded, and the verdict is said to have been as much of a surprise to the attorneys for the defense as it was to the prosecution. The press of the county is unanimous in condemning the verdict.

IMPORTANT TO FARMERS.

Press Bulletin No. 67, just issued by the Florida Agricultural Experiment Station, entitled "Saving, Storing and Testing Seeds," by John Belling, is of special interest to farmers, and is given space in The Sun for their benefit, as follows:

"The peculiar soil and climate of Florida, which are not paralleled in the other States, require special selections of seeds adapted to them. Experience has shown that the same care and intelligence applied to the saving of seed on the spot where it is to be sown will give better results than if the seed is selected at a location several hundred miles away. Hence in the case of many of those plants which seed well in Florida, the growers of this State may often save many dollars by properly saving their own seed. This end will not be attained by saving seed from a few specially large or well-flavored fruits scattered here and there. On the contrary, the seed should be saved from all the fruits of the few best-yielding plants in the field. Seeds saved from the best individual fruits without taking into account the number of fruits on each plant, produce seedlings which may bear some fruits, but which do not bear heavily. The whole field should be examined, and those plants which, while growing apparently under the same conditions as the rest of the field, bear extra large quantities of fruit, above the average in size and flavor, should be marked, and their fruit kept for seed. This is the way in which the great improvements which have been made of late years in the tomato have been brought about. For this reason the selected cotton of the Sea Islands near Charleston fetches higher prices than the long-staple cotton of the mainland.

"But the selected seeds must be properly dried and stored, so that if possible every seed shall germinate, and not only germinate, but germinate well, and produce an extra healthy seedling. The fully ripe seeds should be removed from the fruit, cleansed and carefully dried, avoiding too great heat (that is, above blood temperature). So the seeds should not be exposed to the sun's rays, but dried in the shade. There are two conditions which acting together are prejudical to the keeping of seeds, and if allowed to act will quickly destroy their vitality. These are heat and moisture. In Northern climates seeds may get slightly damp during the winter, but the cold prevents ill effects. In dry climates, like that of Egypt, seeds may get quite warm, but the dryness of the air obviates any injury. But in the Gulf States, in South, and more or less in North Florida, the seeds may be exposed for months to a warm moist atmosphere, and experiments have shown that they do not keep nearly so well as in those more Northern regions where the summer is hot but dry, and the early spring and late fall, if occasionally damp, are yet cool. It has also been shown that well-dried seeds kept in cold storage will keep remarkably well. But the most practical way is to put valuable or selected seeds, immediately after drying, into fruit jars which can be closed air tight, or if in large quantities, into cans which can be made air tight by running melted paraffin or rosin round the edge of the lid. To keep the air in the can or bottle quite dry, a large lump of good quicklime should be wrapped up in paper, or other covering, so as not to come into contact with the seeds, and put in the jar or can. In this way the writer has kept seeds for three years in a hot and damp tropical climate, where the deterioration of many seeds (if not large or oily) was a matter often of days or weeks.

"If seeds have not been well stored, many of them are dead and others are so injured that they will never make perfectly healthy plants. The first of these defects can be remedied by sowing more of the seed, but the second is quite difficult to obviate, and is doubtless often one cause of extensive losses from disease. The best way is to sow only healthy seeds. To know healthy seeds there is only one practical method, that is to find how many will germinate. The germination may be hastened by soaking the seeds for 6 to 12 hours in clear water. If left for a day in water, they will usually begin to rot. Some fairly large seeds (such as those of some legumes) germinate quicker if a small piece of the seed coat is cut or filed off, which should be done on the side opposite to the scar of attachment. One hundred seeds are then put between two folds of clean, damp flannel between two dinner plates. (There should be no water in the lower plate, or the seeds may be drowned.) The numbers that germinate in a week or so should be counted. Some seeds, such as celery, germinate better if sown in well-drained shallow boxes of sand."

The property owners on East Liberty street and Alachua avenue appreciate the action of the City Council in relieving them of the assessment for the construction of the walls and railing over Sweetwater branch. The council has never authorized by ordinance the assessment of this expense against the property owners along this highway, and the Board of Public Works could never have collected the same in a suit in equity. Not one of the property owners against whom the Board of Public Works levied the assessment ever intended to pay a cent of it, and the council acted wisely in passing the resolution relieving them of such payment.

The Jacksonville Metropolis calls attention to an important law as follows: "Attention is being directed to the new State law prohibiting all city and county boards from purchasing supplies from members or from firms in which any member of the purchasing board is interested, directly or indirectly. An examination of bills presented for payment shows in some instances that the law is being violated. Beware!"

Mr. Chas. Francis of Interlachen, one of the best known authorities on orange culture in this section, gives as the best remedy for scale and white fly pests on all kinds of citrus trees the following, which he claims is the best thing he ever tried: Five pounds of Gold Dust washing powder to a barrel (kerosene) of water, and spray the trees as with ordinary lime sulphur solution.—Palatka Times-Herald.

An exchange says: "The Democrats have a good fighting chance in New Jersey." That's the trouble; they have too many fighting chances, and make use of them.

Mr. Hearst is about to organize his Independence League into a National party, and has decided that hereafter the League will have nothing to do with the two older parties. This determination is said to have been taken because Mr. Bryan refused to support Mr. Hearst for the nomination for President at the last National Democratic Convention, when he voted for Senator Cockrell of Missouri. It is also reported that in the event of Mr. Bryan's nomination for President the league will make a nomination on purpose to defeat Mr. Bryan. How Democrats will view this will develop later, but that many will drop Mr. Hearst's newspapers as organs of Democracy is certain.

It was a great mistake on the part of the City Council in not constructing brick gutters on the west side of the square when this work was being done in other sections of the city, and when Ex-Alderman Benson was chairman of the street committee, whose work in this line, as in all street work under his supervision, was a credit to him. What he did was done in a substantial manner, which cannot be said of much other work on the streets. Until a brick gutter is constructed on the west side work on that part of West Main street will prove a useless expenditure of money, as evidenced by the destruction caused by the recent rains.

Editor Thompson of The Key West Citizen was recently assaulted by a merchant whose action in returning his property to the tax collector for payment of the license tax he had criticised. The editor says, however, that though he may be murdered on account of the policy of his paper the latter will live after him and pursue the same policy.

HITCHCOCK IS ROUNDING UP

The Postmasters in the Interest of Cortelyou for Republican Presidential Nomination—Johnson Boom Not Confined to Minnesota.

Special Correspondence The Daily Sun.

Washington, D. C., Oct. 9.—With the President away on politics and hunting bent, and Root and Taft, the two chief members of the cabinet, in foreign parts, and the other members of the administration absent from their departments on politics or private business, the Government of the country is running with the Republican understrappers at the helm. This has been pretty much the case all the summer, since the President left early in June. No other administration has such a record for absenteeism. Nor has any other administration spent so much time on partisan politics and interference with local squabbles. Every kind of excuse has been made to send out the cabinet officials and their assistants to do the preliminary work to round up delegates to the next Republican National Convention. Secretary Taft has made speeches in all the States where he could do any good; Secretary Metcalf has been for months in California and the other Pacific States; Secretary Cortelyou has been in New York, in close touch with Wall Street and the New York politicians; Secretary Bonaparte has been rusticating in Canada and his Maryland country home, and incidentally has helped to muddle up Republican prospects in Maryland; Secretary Meyer has been boosting up Senator Lodge for control of the Massachusetts delegates; Secretary Garfield, besides spending the summer in the West, ostensibly on Government business, but really on politics, then took another month at home in Cleveland to help fix up the proposed defeat of Tom Johnson for mayor by the President's favorite, Congressman Burton; Secretary Wilson has been traveling all over the West at Government expense, and if the truth were known the other cabinet members have not paid out much from their private purses on their political junkets.

Assisant-Postmaster-General Hitchcock has been rounding up the postmasters and instructing them to secure delegates to the Republican Convention favorable to Secretary Cortelyou. Pinchot of the Forestry Bureau, member of the "Tennis Cabinet," has been in the Rocky Mountain States trying to overcome the opposition developed there on account of the enlargement of the forest reserves. The political expeditions of many others might be mentioned who have put in more time for partisan purposes than for what they are paid to do. Booker Washington and other administration negro leaders have been attempting to turn the current of darkey voters away from Foraker but with no effect, outside of the negro office holders.

My! my! but it has been a strenuous summer, and after all the result looks quite doubtful for the administration, unless the office holders can induce the President to run for a third term, for they at heart fear a new deal with another candidate. The Taft men are now accusing the Cortelyou boomers of using the patronage of the United States Treasury and the Postoffice Department to force his nomination, and as far as the Southern States are concerned they have no doubt rounded up the office holders, who compose the Republican party there, leaving out the darkey contingent.

The Democrats, while they have not been so active as their Republican friends, are much encouraged by the Republican divisions and factional fights, but are still at sea about who will lead the party. The trend of events has led to a thorough investigation of the merits of possible candidates and their reputed strength in the close and doubtful Northern States, which it is feared Mr. Bryan could not carry, if again nominated.

The boom for Lieutenant-Governor Chanler of New York is predicated upon his strength in his own state, but there is a feeling that eventually he will be only seriously considered for second place on the ticket.

Governor Johnson of Minnesota seems to be forging ahead as a promising candidate, and this has been strengthened by reports from Minnesota which undoubtedly will send a Johnson delegation to the Democratic National Convention. The Mankato Daily Review of that State, one of the oldest and most reliable Democratic newspapers, said a few days ago: "Senator Works of Mankato states that Governor Johnson will be the next Democratic candidate for President. He believes that Mr. Bryan will not stand in Johnson's way. This statement is believed to have a particular significance, coming from Senator Works at this time, as Bryan was a guest at Mr. Works' home in Mankato about a week ago."

That the Johnson boom is not confined to Minnesota, but is being carefully canvassed in the South, is confirmed by T. H. Bass of Beaumont, Texas, a prominent Democrat of the Lone Star State. He has been in Washington during the past few days, and upon being interviewed said: "Our people would very much like to support Senator Culberson for the Democratic nomination, but he is obdurate against the use of his name in that connection. If the delegates composing the next Democratic National Convention really want to win, they will work to nominate Governor Johnson of Minnesota and for Vice-President Lieutenant-Governor Chanler of New York. I have paid some attention to the record and character of Governor Johnson. There has been no more meritorious rise from a lowly station in all our history. I believe he could carry not only Minnesota, but several other Northwestern States. Along with the wave his candidacy would create, the Democrats might gather in several Senators and Representatives. The Governor would make inroads on Republican territory where no other Democrat could make the slightest impression.

Two months more and the Sixtieth Congress will convene and the issues will be discussed which divide the parties. There has been no more important session of Congress as far as party politics is concerned, for the past ten years, at least. The Republican leaders seem determined to "stand pat" on the tariff, by refusing to consider the revision of even the most trust-protecting schedules. It is also expected that no effort will be made to strengthen the railroad rate law, nor do they now intend to pass any anti-trust legislation. Speaker Cannon, for he will certainly be re-elected designs to pass the appropriation bills and adjourn at the earliest date possible. All reforms are to be postponed till after election—that is revision of some kind of the tariff is to be promised and assurance given of control of the trusts and corporations, for as such pledges have often been made before other Presidential campaigns, their fulfillment can be taken with due allowance and the needs of corporation contributions for the campaign fund.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Interesting Meeting.

Gainesville Lodge, F. & A. M., held an unusually interesting meeting Wednesday night, when Lee Graham, the popular assistant cashier of the First National Bank, had the third or Master Mason's degree conferred upon him. Lee is a good fellow and quite popular, with the result that an unusual large attendance was present to "assist" him through his troubles. The night passed off very entertainingly for those present, many of whom congratulated Lee that he was able to be at work the following morning.

LIEUT. BALL ORGANIZES TOWN BOYS

Will Make First-Class Football Team of Young Men.

TEAM HAS BEEN ORGANIZED

Starts Out With Sixteen Active Young Men, and More Will Join—Enthusiastic Meeting Was Held Thursday, When Organization Was Completed.

An enthusiastic meeting of those interested in the organization of a football team was held at the quarters of Lieutenant Ball, in the new Graham building, Thursday evening, which was well attended, and at which a great deal of interest was manifested. The result was that the Gainesville Football Team was organized, about sixteen strong, and those who constitute the team are determined to get down to business right away.

The game in general was discussed, and it was decided to extend a cordial invitation to all active young men to join the team, which already promises to be one of the fastest amateur teams in the country. Lieutenant Ball has the material, and is determined to show our people something in football during the coming season.

This team will have the advantage of being personally coached by Lieutenant Ball, who is one of the most thoroughly posted men on football in the South. Lieutenant Ball's brother-in-law, Captain Henry C. Smithers, of the Fifteenth U. S. Cavalry, is the coach of the West Point Military Academy football team, which will give the Lieutenant the advantage of many new and up-to-date points, as he will keep in constant communication with Captain Smithers.

The University will also have a fast team, as the members of the University team are already in good trim. They have somewhat of an advantage over the town boys, by reason of the fact that their practice is part of the daily routine of duty. However, the town boys declare that they will at least make matters interesting for the college boys.

The next meeting of the town boys will be held Monday evening on the old East Florida Seminary campus, when everyone interested is requested to be present. There will be some drilling.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Miss Nellie Sherrod of Tacoma was shopping in the city yesterday.

T. B. Pearson of Archer was in the city yesterday and made The Sun an agreeable call.

For Sale—New second-hand cane mill, first-class order. Write J. N. Bone, Gainesville, Fla.

H. L. Rosenberger, a prominent merchant and orange grower of Kirkwood, spent yesterday in Gainesville on business.

For Sale—Two acres land; house six rooms, barn, cistern. Located at Reddick, Fla. Apply to Mr. T. K. Reddick, Hawthorn, Fla.

Miss Bessie Prewitt has returned to her home at Waldo, after a few days visit at the home of her brother, F. M. Prewitt, in this city.

J. H. Winter of Waldo, tank builder of the Seaboard Air Line, is in the city. Mr. Winter is erecting a new tank in the yards here, in the vicinity of the depot.

LeRoy Denham, after a pleasant vacation spent here with his father and friends, has returned to Atlanta, where he will resume his studies at the Southern Dental College.

Mrs. A. D. Nestle and son of Michigan have arrived in the city, and will make their future home here. They are pleasantly located with Mrs. Geo. F. Reed, 304 West Church street.

C. C. Frasier of Alachua, and son, James, of Komoka, are in the city. They are father and brother of Miss Lila Frasier, who is ill at the Odd Fellows' Sanitarium, and came to be with the patient.

W. B. Ellis, formerly of this city but now of Cedar Key, is spending a day or two with relatives in this city. Mr. Ellis is an enthusiastic Elk, and came especially to attend the meeting of Gainesville Lodge 990 last night.

J. C. DuPree, a progressive merchant of Reddick, spent yesterday in this city on business. On his return he was accompanied by his nephew, Joseph DuPree, who will remain in Reddick for several days as his guest.

The improvements on the corner of North Pleasant and West Orange streets, the Tremont House, have completely transformed the appearance of the building already. The building will receive a thorough application of paint after which it will appear as one of the most modern buildings in that section of the city.

Work is progressing slowly on the new building, corner East Main and Depot streets, the delay being for several reasons. The foundation has been laid, the frame work is now being erected, and the contractors expects, with fair promptness in the delivery of material to finish and progress from now on. The building will be a marvel when completed and one of the best hotels in the State.

Extensive improvements will soon be made in the Thrasher property, West Main and Mechanic streets. The old building which has been a familiar sight to residents and citizens will be moved to the rear lot, and it is understood a modern brick building will be erected on the corner for business purposes. The building will be erected by E. H. Waters, now of the corner of West Main and Depot streets.

Friends of Miss Lila Frasier, the school teacher who was operated on for appendicitis at the Odd Fellows' Home on Wednesday, will be glad to learn that the patient is getting along nicely, and the chances are she will be out in a few days. The good people of Alachua, patrons of the school, were very solicitous regarding her condition and sent a messenger to Gainesville yesterday to ascertain her condition. It was a great compliment to Miss Frasier, who has become very dear to the patrons of her school.

From Saturday's Daily Sun.

John Videon of Archer visited the county capital yesterday.

J. F. Futch of Haynesworth spent yesterday in Gainesville on business.

Mrs. Sallie Jackson of Archer made a brief visit to relatives and friends in this city yesterday.

R. B. Hodgson, of the firm of Hodgson & Wood, merchants at Archer, was in town yesterday.

Ed Renault and Baker Fletcher of Waldo were among those who spent yesterday in Gainesville.

Miss Ethel Wimberly has accepted a position as saleslady at the store of Phifer Bros., New York Racket.

Mr. and Mrs. I. S. Dickens and Miss Anna Powell of Archer favored Gainesville with a visit yesterday.

For Sale—Crown organ; new, in good condition. Address Mrs. Conway, 205 West Main street, N., City.

Miss Murray Cellon, a charming young lady of Hague, was among those who spent yesterday in this city with friends.

Mrs. Evans Haile has returned from points in Virginia, where she has spent the past two or three months pleasantly.

Mesdames Chas. Eddy and Wm. Pauleson, two estimable ladies of Orange Heights, were shopping in the city yesterday.

C. W. Bauknight of Archer, one of the leading merchants of that section of the country, was a business visitor to Gainesville yesterday.

O. W. Maines of Monteocha was trading in the city yesterday. Mr. Maines is engaged in the mercantile business, and is also operating a ginnery.

T. M. Venable of Arredondo was in the city yesterday. Mr. Venable, who is an old Confederate soldier, is one of the pioneer citizens of this section of the country.

Mrs. S. C. Tucker and son, Randolph, and Mrs. Tucker's sister, Miss Hattie Knight, have gone to the Jamestown Exposition, and will also visit Washington and other points before returning home.

Mrs. Ida Streeper is now pleasantly located in her own home, 110 East Magnolia street, which has recently been completed. It is a neat cottage of about five rooms, and a credit to that section of the city.

W. B. Holder of Santa Fe was trading in the city yesterday. Mr. Holder was at one time engaged in the mercantile business in this city, but sold out for the more healthful and lucrative purpose of going into the manufacture of naval stores.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

The property of Dr. J. H. Hodges is being improved on the north side by the laying of a rock sidewalk. The work is being constructed under the supervision of Wm. Adamson, which is a guarantee that it will be right. Mr. Adamson has had considerable experience at road and street building.

Attention is called to the change of advertisement of the Gainesville National Bank which appears elsewhere in this issue. This enterprising institution has a surprise for the public in connection with something to give them if they will show their faces at the window of Cashier Patchell and this is no joke.

Attention is called to the advertisement of W. Z. Chappell, who is offering to the planters fertilizers, genuine Peruvian guano, fresh from the islands along the coasts of Peru. This guano is well known for its productive qualities, and Mr. Chappell will be glad to quote prices upon application.

Mr. and Mrs. Frank McDonald of Monteocha were trading in the city yesterday. Friends of Mr. McDonald will regret to learn that he expects soon to make his departure with his family for Wauchula, where he will engage in trucking and orange growing. He is one of the solid farmers of his section and will be greatly missed.

Kirby Smith Chapter United Daughters of the Confederacy will give a lawn fete at the home of Mrs. H. H. McCreary Tuesday evening from 7:30 to 10:30 o'clock. This fete will be given for the benefit of the scholarship fund and a cordial invitation is extended to all. Light refreshments will be served, which will be included in the price of admission, only twenty-five cents.

The Waldo News of the 11th inst. contains the sad intelligence of the death of Mrs. Judge Gentry, formerly Mrs. C. E. Manning of Waldo, which occurred at Spartanburg, S. C., October 4th. The remains were interred in the Waldo cemetery along side of her former husband last Monday. She was a most estimable lady and had many friends in Gainesville who will regret to learn of her death.

It is understood that Hague Strickland of Paradise, one of the most energetic young men of that section who has been engaged in farming, realizing the opportunity to make a good thing, will soon establish a mercantile business in North Gainesville. There are now two places of this kind in North Gainesville, but that suburb is thickly settled, and Mr. Strickland evidently believes that another will pay.

The C. F. Goodman Company, real estate, who have been located in the new Graham building for the past few weeks, have removed to the office building of the Gainesville National Bank, corner West Main and Liberty streets, where they have fitted up elegant offices and will be glad to see their friends. This firm is under the management of C. F. Goodman, who is one of the hustlers of this section of the country, and is enjoying a fine business already.

Senator James E. Broome of Quincy, one of the best known and most popular traveling men in Florida, is at the Brown House. Senator Broome would have been a strong candidate for Governor had he consented to make the race, but he has declined to do so. He has faithfully represented the people of Gadsden county in the State Senate for years, and no member of that body ever stood higher in the estimation of his fellow-Senators than he does. We are pleased to note that Senator Broome is in the best of health.

M. S. Brown of Newberry, one of the leading farmers of that section, was among those who spent yesterday in the county capital. Mr. Brown, like others of the West End, reports plenty of rain.

L. G. Connell, a well-known citizen of Tyler, was among those who spent yesterday in Gainesville. Mr. Connell is soon to be married to Miss Ethel Slaughter, a well-known and popular young lady of the West End.

Mr. and Mrs. Herbert Pinkoson have moved into the home recently vacated by Mr. and Mrs. Beckard and children, West Masonic street. Mrs. Beckard is now occupying one of the DuPree houses on East Depot street.

A. T. Gunter of Micanopy was in the city yesterday. Mr. Gunter has recently purchased the King stables at Waldo, and will make his home in that town. He came down for the purpose of purchasing some stock.

Jesse Clark and daughter, Miss Lillian, sister, Miss Lula and mother, Mrs. Cora Clark, have returned to the city from Norfolk and other points in Virginia and North Carolina, where they spent the summer months very enjoyably. Mr. George Clark expects to spend the winter here.

Miss Agnes Zetrouer was in the city for a few hours yesterday. Miss Zetrouer, who is one of the most competent young lady teachers of the county, is a member of the faculty of the Waldo school. She was en route home, where she will spend a day or two with her parents.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

C. L. Thigpin, for many years one of the efficient road overseers of this county, but who lost a foot several months ago in a runaway of a country team, was in Gainesville from Waldo yesterday. Mr. Thigpin was en route to Alachua, where he goes on a brief visit to his daughter, Mrs. E. Marconey. He has recently secured a cork foot, but has not yet become accustomed to using it.

Dr. L. Montgomery of Micanopy was in the city Friday. Dr. Montgomery came for the purpose of purchasing a car load of finishings for the new Hotel Tuscawilla, the 26-room hotel which will soon be completed and opened for the public under the management of Mrs. M. C. Arnow in that town. The Tuscawilla will be one of the most up-to-date of the smaller hotels of the State, and is destined to prove quite popular.

Arch Arlett, for many years a resident of Newberry but who is now making his home at White Springs, is in the city. Arlett praises the highest, as well went to that resort a very much indisposed man, suffering [illegible] a few months ago, he, to use the expression, he [illegible] as a cat. He expects to [illegible] his home in White Springs in [illegible] and will likely engage in the [illegible] mercantile business.
